Child Protection Policy

Child Protection Policy

Introductory Statement and Rationale

This document is a response to recent changes in legislation and takes account of the provisions of each of the following pieces of legislation

- Freedom of Information Act 1977
- The Education Act 1998
- The Child Welfare Act 2000
- Children First - National Guidance for the Protection and Welfare of Children 2011

References

- 'Children First' (Department of Health & Children 1999)
- 'Our Children our Church' (CORI 2005)
- 'Child Protection Guidelines and Procedures' (Department of Education and Science 2001)
- Policy Sources accessed through Internet.

The Board of Management (BOM) recognises that child protection and welfare considerations permeate all aspects of school life and must be reflected in all of the school's policies, practices and activities. Therefore, in accordance with the requirements of the Department of Education and Skills, Child Protection Procedures for Primary and Post Primary Schools, the BOM of Scoil Ailbhe has agreed the following policy.

The BOM has adopted and will implement fully and without modification the Department's Child Protection Procedures for Primary and Post Primary schools as part of this overall Child Protection Policy.

Child Protection Policy

The Designated Liaison Person (DLP) is Miriam Butler.

The Deputy Designated Liaison Person (DDLDP) is Bríd Ryan.

In its policies, practices and activities, Scoil Ailbhe will adhere to the following principles of best practice in child protection and welfare. The school will:

- Recognise that the protection and welfare of children is of paramount importance, regardless of all other considerations.
- Fully co-operate with the relevant statutory authorities in relation to child protection and welfare matters.
- Adopt safe practices to minimise the possibility of harm or accidents happening to children and protect workers from the necessity to take unnecessary risks that may leave themselves open to accusation of abuse or neglect.
- Develop a practice of openness with parents and encourage parental involvement in the education of their children.
- Fully respect confidentiality requirements in dealing with child protection matters.

Certain policies such as Scoil Ailbhe Code of Behaviour, Anti-Bullying Policy, Pupil Attendance Policy and the Supervision of Pupils Policy will take particular account of this Child Protection Policy. This policy will also be considered with reference to the participation by pupils in sporting activities, other extra-curricular activities and school outings. Other practices and activities where child protection might have particular relevance, will take due consideration of the procedures outlined within this policy. The Board has ensured that the necessary policies, protocols or practices as

Child Protection Policy

appropriate are in place in respect of each of the above listed items.

This policy has been made available to school personnel and the Parents' Council and is readily accessible to parents on request. A copy of this policy will be made available to the DES and the patron if requested.

Designated Liaison Person (DLP)

In Scoil Ailbhe the Principal, Miriam Butler, appointed by the BOM, is the DLP, Bríd Ryan acts as Deputy DLP. Both teachers will undertake training from the Child Abuse Prevention Programme at the earliest opportunity; CAPP provides training to the whole school community (staff, parents and Boards of Management) on the Stay Safe Programme.

The DLP has specific responsibility for child protection and will represent the school in all correspondence with Health Boards, an Garda Síochána and other parties in connection with allegations of abuse. All matters pertaining to the processing or investigation of child abuse should be processed through the DLP.

Further information on the responsibilities of the DLP can be referred to on page 8, section 2.2 of 'Child Protection' (DES 2001)

The DLP acts in cases where there are reasonable grounds for suspicion or where an allegation has been made, as referred to in 'Child Protection' (DES 2001, pages 11-12).

Child Protection Policy

Confidentiality

All information regarding concerns of possible child abuse should only be shared on a 'need to know' basis in the interests of the child. The giving of information for those who need to have that information is not a breach of confidentiality. This procedure exists for the protection of a child who may have been abused. The DLP who is submitting a report to the Health Board or an Garda Síochána should inform a parent/guardian, unless doing so is likely to endanger the child or place that child at further risk. A decision not to inform a parent/guardian should be briefly recorded together with the reasons for not doing so.

In emergency situations, where the Health Board cannot be contacted, and the child appears to be at immediate and serious risk, an Garda Síochána should be contacted immediately. A child should not be left in a dangerous situation pending Health Board intervention.

Protection for Persons Reporting Child Abuse

The protection for persons reporting Child Abuse Act 1998 provides immunity from civil liability to any person who reports child abuse 'reasonably and in good faith' to designated officers of Health Boards or any member of an Garda Síochána, see 'Child Protection' (DES 2001, page 6).

Qualified Privilege

People making a report to the DLP in good faith have 'qualified privilege' under common law, see 'Child Protection Guidelines and Procedures' (DES 2001, Page 6). Reports made to Health Boards may be subject to provisions of the Freedom of Information Act, 1997. This act enables members of the public to obtain access to personal information relating to

Child Protection Policy

them, which is in the possession of public bodies. However, this act also provides that public bodies may refuse access to information obtained by them in confidence.

Definition and Recognition of Child Abuse

Child abuse can be categorised into four different types:

- Neglect
- Emotional abuse
- Physical abuse
- Sexual abuse

Each of these categories is defined in full in 'Children First' (Dept Health and Children [DHC] 1999, pages 31 - 33) but for the purpose of this policy attention is drawn to the stated definition of 'neglect'.

Neglect can be defined in terms of an omission, where the child suffers significant harm or impairment of development by being deprived of food, clothing, warmth, hygiene, intellectual stimulation, supervision and safety, attachment to and affection from adults, medical care.

Guidelines for Recognition of Child Abuse

A list of child abuse indicators is contained in Appendix 1 'Children First' (DHC 1999, pages 31 - 33). This policy draws particular attention to 'persistent evidence' of neglect, including indicators such as no lunch, lack of uniform, no homework, poor attendance, persistent health problems, lack of sleep indicating inappropriate television viewing late at night and other evidence that would indicate lack of supervision in the home. All signs and symptoms must be examined in the total context of the child's situation and family circumstances.

Child Protection Policy

There are commonly three stages in the identification of child abuse:

1. Considering the possibility.
2. Looking out for signs of abuse.
3. Recording information.

Handling Disclosures from Children

'Child Protection' (DES 2001, page 9) gives comprehensive details of how disclosures should be approached. Staffs are advised to deal with each situation sensitively, reassure the child but do not make promises that cannot be fulfilled.

The member of staff will need to reassure the child and retain his trust, while explaining the need for action and the possible consequences, which will necessarily involve other adults being informed. It is important to tell the child that everything possible will be done to protect and support him but not to make promises that cannot be kept e.g. promising not to tell anyone else. The welfare of the child is regarded as the first and paramount consideration. In so far as is practicable, due consideration will be given, having regard to age and understanding, to the wishes of the child.

The following advice is offered to school personnel to whom a child makes a disclosure of abuse.

- Remain calm.
- Listen to the child with sensitivity and openness.
- Take all disclosures seriously.
- Do not ask leading questions or make suggestions to the child.
- Offer reassurance but do not make promises.
- Do not stop a child recalling significant events.

Child Protection Policy

- Do not over react.
- Explain that further help may have to be sought.
- Record the discussion accurately and retain the record of dates, times, names, location, context and factual details of the conversation. The record should include reference to what was observed with sketches of physical injury where necessary. It should also record when the alleged incident took place. Records should be kept in a secure place.

If the reporting person and the DLP are satisfied that there are reasonable grounds for suspicion/allegation, the procedures outlined in 'Children First' (DHC, page 38) will be adhered to. Standardised reporting forms should be used (Appendix C). The content of the report should follow the guidelines on page 39 of 'Children First'. The Chairperson of the BOM will be informed before the DLP makes contact with the relevant authorities.

Allegations or Suspicions in relation to School Employees

The Chairperson and the DLP are primarily concerned with the protection of the children in their care. However, employees must be protected against false and malicious claims. Legal advice should be sought by the Board in relation to the employee. If the allegation is against the DLP, the BOM Chairperson will assume the responsibility for reporting the matter to the Health Board.

Reporting

When an allegation of abuse is made against a school employee, the DLP should act in accordance with the procedures outlined in 'Child Protection' (DES 2001, page 11). A written statement of the allegation should be sought from the person/agency

Child Protection Policy

making the report. A parent/guardian may make a statement on behalf of a child. The DLP should always inform the Chairperson of the BOM.

School employees, other than the DLP, who receive allegations against another school employee, should immediately report the matter to the DLP. School employees, who form suspicions regarding conduct of another school employee, should consult with the DLP. The procedures outlined in 'Child Protection' (DES 2001, page 16) should be referred to.

The Chairperson and the DLP should make the employee aware privately,

- a) That an allegation has been made against him/her.
- b) The nature of the allegation.
- c) Whether or not the Health Board or Gardaí has been informed.

The employee should be given a copy of the written allegation and any other relevant documentation. The employee should be requested to respond to the allegation in writing to the BOM within a specified period and told that this may be passed to the Gardaí, Health Board and legal advisers.

The Chairperson must take the necessary steps to protect the child and may consult the BOM in this matter. The BOM may direct that the employee take administrative leave with pay and avoid suspension, thus removing any implication of guilt. The DES should be immediately informed. Further follow-up procedures should be observed as outlined in 'Child Protection Guidelines and Procedures' (page 17).

School Measures Taken to Protect the Children in Our Care

There are a number of areas where common sense in our school should prevail in order to protect the children in the school and the staff who care for them. In relation to this, certain points should be noted:

1. Scoil Ailbhe will fully implement the Stay Safe programme.
2. A copy of the school's Child Protection Policy, which includes the names of the Designated Liaison Person (DLP) and the Deputy DLP, will be made available to all school personnel and the Parents' Council and is readily accessible to parents on request.
3. The name of the DLP and other relevant support services are displayed in a permanent position near the main entrance to the school.
4. In addition to informing the school authority of those cases where a report involving a child in the school has been submitted to the HSE, the DLP shall also inform the school authority of cases where the DLP sought advice from the HSE and as a result of this advice, no report was made. At each BOM meeting, the Principal's Report shall include the number of all such cases and this shall be recorded in the minutes of the board meeting.
5. Scoil Ailbhe shall undertake an annual review of its Child Protection Policy and its implementation by the school. A checklist is to be used in undertaking the review (included at Appendix 1). The school has put in place an action plan to address any areas for improvement which might be identified in the annual review. The Board of Management shall make arrangements to inform school personnel that the review has been undertaken. Written notification that the review has been undertaken shall be provided by the Parents' Association. A record of the

Child Protection Policy

review and its outcome shall be made available to the Parents' Council, if requested, to the patron and the DES.

- a. Staff who take classes swimming should make sure that there are two adults in attendance at all times. The dressing rooms and pool area should be well supervised.
- b. Staff should avoid being alone in a classroom with one child or detaining a child on their own after school as far as possible. In the event of a 1-1 conversation being necessary, the adult must ensure that the door remains open and the encounter is visible.
- c. When possible children should work in groups.
- d. Children with physical disabilities who may require assistance in toiletry matters will be aided by a Special Needs Assistant who has met the necessary screening requirements when being employed by the school.

It should be noted that children with disabilities may be more at risk of abuse due to a number of reasons (see list outlined on page 99 of 'Children First Guidelines'). Parents, teachers and all staff involved in services for children with disabilities need to be familiar with the indicators of abuse and to be alert for signs of abuse.

Appendix B

Child Protection Policy – Guidelines for Staff

The staff and BOM of this school have identified the following as areas of specific concern in relation to Child Protection. Following discussion and consultation, the staff and BOM have agreed that the following practices be adopted:

- Physical contact between school personnel and the child should always be in response to the needs of the child and not the needs of the adult.

While physical contact may be used to comfort, reassure or assist a child, the following should be factors in determining its appropriateness:

- It is acceptable to the child.
- It is open and not secretive.
- The age and developmental stage of the child.

School personnel should avoid doing anything of a personal nature for children that they can do for themselves.

School personnel should never engage in or allow:

- The use of inappropriate language or behaviours.
- Physical punishment of any kind.
- Sexually provocative games or suggestive comments about or to a child.
- The use of sexually explicit or pornographic material.

All media products (CDs DVDs etc) should be checked for appropriateness with regard to age and suitability.

Visiting Visitors Policy

Visitors/Guest speakers should never left alone with pupils. The school (Principal/teachers) has a responsibility to check out the credentials of the visitor/guest speaker and to ensure that the material in use is appropriate.

Children with Specific Toileting/Intimate Care Needs

- In all situations where a pupil needs assistance with toileting/intimate care, a meeting will be convened, after enrolment and before the child starts school, between parents/guardians, class teacher, special needs assistant, Principal and if appropriate the pupil. The purpose of the meeting will be to ascertain the specific needs of the child and to determine how the school can best meet those needs.
- The staff to be involved in this care will be identified and provision will be made for occasions when the particular staff involved are absent. A written copy of what has been agreed will be made and kept in the child's file.
- Two members of staff will be present when dealing with intimate care/toileting needs. Any deviation from the agreed procedure will be recorded and notified to the DLP and the parents/guardians.

Toileting Accidents

Clean underwear and suitable clothing will be kept in the school so that if a pupil has an 'accident' of this nature, he will in the first instance be offered fresh clothing into which he can change.

If the pupil for whatever reason cannot clean or change himself and the parents/guardians cannot be contacted, the child will be assisted by members of staff familiar to the child.

Child Protection Policy

In all such situations, two members of staff should be present. A record of all such incidents will be kept and the Principal and parents will be notified.

Accidents

While every precaution will be taken under our Health & Safety Statement to ensure the safety of the children, we realise that accidents will happen. Accidents will be noted in our Accident/Report Book and will be addressed under our Accident Policy as part of Health & Safety Policy.

Special Needs Assistants

Work being carried out by Special Needs Assistants will be carried out under the direction of the class teacher in an open environment.

Changing for Games/Matches/Athletics

Pupils will be expected to dress and undress themselves for games/P.E./swimming. Where assistance is needed this will be done in the communal area and with the consent of the parents. Under no circumstances will members of staff/volunteers be expected to or allowed to dress/undress a child in a cubicle or private area. In such situations where privacy is required, the parents/guardians of the child will be asked to assist the child. Scoil Ailbhe will endeavour to have two volunteers/members of staff in the changing areas.

At all times there must be adequate supervision of pupils. While every effort will be made to adhere to best practice as agreed and outlined above, in the event of an emergency where this is not possible or practicable, a full record of the incident should be made and reported to the Principal and parents.

Child Protection Policy

Attendance

Our school attendance will be monitored as per our attendance policy. With regards to child protection, we will pay particular attention to trends in non-attendance. We will also monitor non-attendance in correlation with signs of neglect/physical/emotional abuse.

Behaviour

Children are encouraged at all times to play co-operatively and inappropriate behaviour will be addressed under our Code of Behaviour. If an incident occurs which we consider to be of a sexualised nature we will notify the DLP who will record it and respond to it appropriately.

Bullying

Bullying behaviour will be addressed under our Anti-Bullying policy. If the behaviour involved is of a sexualised nature or regarded as being particularly abusive, then the matter will be referred to the DLP.

Children Travelling in Staff Cars

Members of the school will not carry children alone in their cars at any time.

Communication

Every effort will be made to enhance pupil-teacher communication. If pupils have concerns they will be listened to sympathetically. The SPHE/Oral Language/RSE programmes allow for open pupil-teacher communication, which is hoped will aid the pupil-teacher relationship. If teachers have to

Child Protection Policy

communicate with pupils on a one-to-one basis, they are requested to leave the classroom door open or request a colleague to attend. Further details on communications are found in the school's Communication Policy.

Induction of Staff

The DLP will be responsible for informing all new teachers and ancillary staff of the Child Protection Guidelines and Procedures (DES, 2001) and Children First Guidelines (1999), but particularly the recently published Children First - National Guidance for the Protection of Welfare of Children (2001). All new teachers are expected to teach the designated SPHE objectives to their class.

Induction of Pupils

All parents and children will be made aware of attendance rules and their implications as laid down in the Education Welfare Act (2000). All parents will be informed of the programmes in place in the school that deal with personal development e.g. RSE, Stay Safe and SPHE. All new parents will be given a copy of the schools' Information Booklet, which outlines the procedures parents and children should use when contacting the school if there are absences or concerns of an educational/personal/family matter. Parents are encouraged to make an appointment with the class teacher/Principal if they wish to discuss their child's progress. All parents will be given a copy of the school's Code of Behaviour and the Anti-Bullying policy is available on request.

Internet Safety

It is the intention of the Principal and staff at Scoil Ailbhe to ensure that child protection concerns will be addressed in the school's Acceptable Usage Policy as part of its Information and

Child Protection Policy

Communication Technology Policy. Speakers will be invited from time to time to address parents regarding internet access and safety.

Record Keeping

Teachers will keep records on each child's reports using a Record Keeping Folder & Record Keeping Sheets. These records are kept in a locked drawer of each teacher's desk. Roll books will be updated daily. Sensitive information regarding children will be shared on a need-to-know basis. All educational files of pupils who no longer attend this school are kept in a secure filing cabinet. Further details on record keeping will be found in the school's Record Keeping Policy.

Supervision

The school's supervision policy will be reviewed by all staff to ensure that there is comprehensive supervision of children at all breaks. A rota will be displayed to cover the 10.45am and 12.30pm breaks. See Supervision Policy for agreed rules around break-times and procedures around teacher absences.

Visibility

Teachers will ensure that children are visible in the school playground. Children will not be allowed to spend time in classrooms, toilets or sheds where they would not be under adult supervision. They are not to leave the school playground or to engage with adults who are outside the school playground.
